

# INDUSTRIAL COMMERCIAL ELECTRICAL

“Walker Electrical Contractors Ltd are much more than an electrical service to us. Rather, they are a valuable partner to our organisation, providing us with peace of mind through the provision of cost effective and safe on-site electrical maintenance. We are more than happy with the work and professionalism that David Walker and his team deliver.”

# ELECTRICAL CONTRACTING & INSTALLATION

Covering all aspects of electrical work, our services are designed and installed inline with our customer's requirements.

## ON-SITE MAINTENANCE

Experienced Engineers | Competitive Rates | Flexible Hours | Emergency Response

## TURNKEY PROJECTS

Quotation from drawings | Submission of tender documents to timescale | Project Management | All electrical work in-house | Highest standards | NICEIC Certification

## LIGHTING DESIGN & INSTALLATION

Free survey, test and design | Latest lamps and controls | Full installation to NICEIC standards | Free, practical advice | Lamp and tube recycling under WEEE

## PERIODIC TESTING & INSPECTION

Working to NICEIC approval | Full compliance with BS7671 17th Edition and Electricity at Work Act 1989 | Post report remedial report service | Schematic drawings optional

## THERMAL IMAGING

Assessment of repairs and maintenance | Non-contact temperature measurement | Full reporting infrared imagery

## PORTABLE APPLIANCE TESTING (P.A.T.)

“As an NICEIC (National Inspection Council for Electrical Installation Contracting) approved contractor we can assure our clients that all work is carried out in accordance with our Health & Safety policy along with our clients own site requirements. We provide a professional service to the highest standard.”
